PROJECTS

The Dice Game

October 2022

Project developed using HTML, CSS, and JavaScript. The Dice Game is based on two players. Both players roll the dice and the player who gets the highest phase value will win the game.

The Simon Game

December 2022

The game creates a series of tones and lights and requires a user to repeat the sequence. If the user succeeds, the series becomes progressively longer and more complex. Once the user fails the game is over. And to restart the game you can press any key on your keyboard.

Blog Website

March 2023

This Project is developed using Node.js, Express.js and EJS. New blog articles can be dynamically added and updated.

SKILLS
