EDUCATION

College:

Sri Jayachamarajendra College of Engineering and Technology Branch:
Computer Science and Engineering
CGPA:8.35

PROGRAMMING SKILLS

1. Java
2. JavaScript
3. C Programming
3.Oops With Java
4.DBMS

5.Cisco Packet Tracer (Basic)
6.CCNA (Basic)
7.Basics of Linux (Debian Family)

PROJECTS

1.Campus Network Management Using Cisco Packet Tracer

In this project i have used the Cisco Packet Tracer for Creating and managing a Campus Network.

2.Multiple Disease Detection using Machine learning

I have designed this project inorder to predict the diseases like diabetes, heart
disease and Parkinson's using some models with an interface

3.Stock Price prediction using Machine learning

I have designed this project inorder to predict the stock price on daily basis using linear regression model,
Random Regression Models. Got the accuracy of 99%

SOFTSKILLS

1.   Problem Solving
Web development
2.Team Work
3.Positive Attitude
4.Time Management

HOBBIES

Yoga, Meditation, Reading Books

DECLARATION

I hereby declare that the information stated above is true to the best of my knowledge
